Safe2 part of the NRLA family

Safe2's partnership with TDS Landlord+ brings together a powerful combination of property safety, compliance services, and trusted deposit protection. Landlords using the TDS Landlord+ platform now benefit from a streamlined solution that integrates Safe2's safety and compliance offerings with TDS's robust deposit protection services. This collaboration enables landlords to easily manage their property compliance needs in one place, ensuring they meet legal requirements with minimal hassle. As part of this exclusive partnership, all TDS Landlord+ users receive a 5% discount on Safe2's services, further enhancing the value of this comprehensive property management solution.

ORDER MY CERTIFICATE ➔

- Update button from “Order my certificate” to “Order with Safe2” in places
- Update button “Track my dates” to “Track my expiry dates” in all places
- Update the text under Safe2 part of the NRLA family to:

- Remove the “About Safe2” and “Our mission” boxes

- Remove this section

How does it work?

- Update the steps shown here to:
 1. Certificate ordered
 2. Dates added
 3. Matching engineers alerted
 4. Engineer accepts job
 5. Job completed
- Remove the infinite scroll element, this should be a static image
- If scroll is needed for mobile view, that's fine but infinite scroll confuses the start and end of process

Service Categories

- **Gas Safety Checks** – Ensure gas appliances and fittings are safe and up to code.
- **Electrical Inspections (EICR)** – Stay compliant with thorough electrical safety checks.
- **Fire Safety Assessments** – Protect tenants with professional fire risk evaluations.
- **Energy Performance Certificates (EPC)** – Maintain energy efficiency standards.
- **Legionella Risk Assessments** – Ensure safe water systems and prevent contamination.
